

DYLAN SUVEGES

Full Stack Software Developer

dsuveges@gmail.com | (778) 789-7128 | <https://dsuv.ca> | <https://github.com/dsuv>

WORK EXPERIENCE

Software Developer **Self Employment (Vancouver Island/Remote)** **July 2022 - Present**

- Delivered application security audits for e-commerce clients, identifying critical vulnerabilities and ensuring compliance with OWASP Top 10 and ASVS standards.
- Developed a SaaS prototype using Python and LangChain to automate PDF summarization and extract key insights from unstructured documents.

Software Developer **Auphan Software (Vancouver/Remote)** **Oct 2014 - July 2022**

- Developed and maintained features for restaurant web applications while diagnosing and resolving defects using HTML, CSS, JavaScript, PHP, Node.js, and PostgreSQL.
- Built a self-serve ordering kiosk in collaboration with a UX designer; piloted in two live stores with positive client feedback.
- Delivered custom development for new clients, contributing to platform revenue growth from <\$10M to >\$55M annually over 4 years.
- Co-developed a responsive online ordering platform for a large franchise client, scaling to >\$3.5M in annual revenue; maintained backend product/catalog data over 4 years.
- Served as primary technical point of contact for five development partners, enabling successful API integrations and resolving technical blockers.
